Why choose **INTEGRA**FABRICS for your White Bedding

**We have had
no quality issues
with our
100% Polyester
Decorative White
Bedding.**

Need to know more?

Here you go!

Durable & Winkle Resistant

Unlike the poly/cotton blend the 100% polyester construction is highly durable and stays smooth right out of the dryer! Also, housekeeping will appreciate the quick drying time.

Stain Resistant

Polyester is naturally resistant to stains and soils thus no additional stain & soil repellent treatment is required. It is Hydrophobic (Water-Repellent) which means it is easy to clean, does not shrink or pill, and fire resistant.

Cost Efficient

Due to cotton fibers breaking down over time, our 100% polyester construction is more economical long-term due to the higher replacement rate of cotton versions.

Minimum Order Quantity

Save cash flow with our
Minimum Order Quantity at
ONE BOX (12 units).
